

Extra Long Cure Medical® Pocket Catheter

ANOTHER OPPORTUNITY TO SUPPORT RESEARCH

Since Cure Medical **donates 10% of net income to medical research** in pursuit of a cure for spinal cord injuries (SCI) and central nervous system disorders (CNS/D), use of the new, extra long (M14XL) **Cure Medical® Pocket Catheter** serves as another opportunity to advance research toward a cure.

NEW PRODUCT: CURE MEDICAL® POCKET CATHETER (M14XL)

The popular, U-shaped Cure Medical® Pocket Catheter is an ideal choice for individuals who value the convenience and discretion of carrying a catheter in a pant pocket or small bag.

Now, the family of Cure Medical® Pocket Catheters includes the M14XL – an extra long, 25” option. This catheter eliminates the need to transfer from a wheelchair or use additional extension tubing.

Easier drainage isn't the only benefit. The longer length (M14XL) Cure Medical® Pocket Catheter also offers all these benefits and user-driven innovations:

- Large flaps on the pouch enable a better grip for easy opening with minimal effort
- Smooth polished eyelets on the straight catheter tip increase comfort
- A packet of water soluble lubricant is included to aide in comfortable insertion
- A unique gripper sleeve enables controlled, clean use of the lubricated catheter
- High quality materials – not made with DEHP*, BPA, or natural rubber latex offer peace of mind
- Support of research in pursuit of a cure for SCI and CNS/D possibly offers the best benefit of all!

FREE SAMPLES
